## FATE OF ROANOKE

### CONTENT PACK

The **Behind the Veil** Content Pack is an expansion for **Pagan: Fate of Roanoke**. It contains 32 new cards that reveal the deep lore of the land, ancient rites, and forgotten packs that predate even the oldest trees. As the creeping gloom obscures the more questionable investigative practices of the Hunter, the Witch weaves the power to sow selfdoubt in the mind of their adversary.

### EXPANSION SYMBOL

The cards in this expansion can be identified by this symbol before each card's number on the bottom right of each card.
